MEMORANDUM FOR: The Special State-Defense Study Group

ATTENTION : Mr. Alexander Peaslee

SUBJECT : Projections of the Economies of Non-Communist Asian Countries, 1965-76

1. Attached are the projections through 1976 of the economies of non-communist countries on the periphery of Communist China. We have also included statements on the impact of programs for regional development and the outlook for availability of rice according to the agreed terms of reference. If our adherence to your request for brevity leaves questions unanswered please come back to us for explanations of methodology.

2. The country projections have not been coordinated with the Department of State because of time limitations. We would be interested, however, in comments from the responsible analysts at State.
